CHILDREN'S VILLAGE PROJECT

KOH SIREH, PHUKET, THAILAND

IN ASSOCIATION WITH

CHILDREN'S VILLAGE - PROJECT PHUKET SUNSHINE VILLAGE

BACKGROUND & CONCEPT

Homeless children

Our goal is to set up a Children's Village which can accommodate up to 100 orphaned and children in need.

Our aim is to provide an atmosphere for the children which is as close as possible to a normal family life. One of our priorities is to give the children a good education that will enable them a better future as they grow into adulthood.

Children need your help

One of the avenues to achieve this goal is by organising a long term sponsorship program.

Many caring organisations and individuals have expressed a great interest to be involved in such a meaningful project.

Cultural activities together with physical education are important issues as we plan this whole concept.

THE CONCEPT

Our project is to build a Children's Village based on the concept of the SOS Kinderdorf (Children's Village), first introduced by the Austrian Hermann Gmeiner in the small Tyrolean town of Imst in 1949.

A Children's Village revolves around the desire to give children who are either orphaned or who are no longer able to live with their natural parent in a stable environment. The Children's Village family structure is formed on four basic principles:

Mother, Brothers and Sisters, Home and Village.

Mother:

Each child is given a caring person who will become the Child's (Substitute) Mother.

Brother & Sister:

Girls and boys of differing ages will grow up together in The Children's Village family as Brothers and Sisters.

House:

Every family has a Home of its own.

Village:

Our Children's Village will have between ten and fifteen family houses. The village provides the background for an extended family community.

In order to achieve this, we have to raise sufficient funds. Early estimates indicate that we will need to raise in the region of 50,000,000 Thai Baht, which is around 1,000,000 Euro. As members of **Lions International** we guarantee that every penny raised will be used to support this Children's Village project. Donations however large or small are greatly appreciated.

WWW.ANDAMANLIONS.ORG

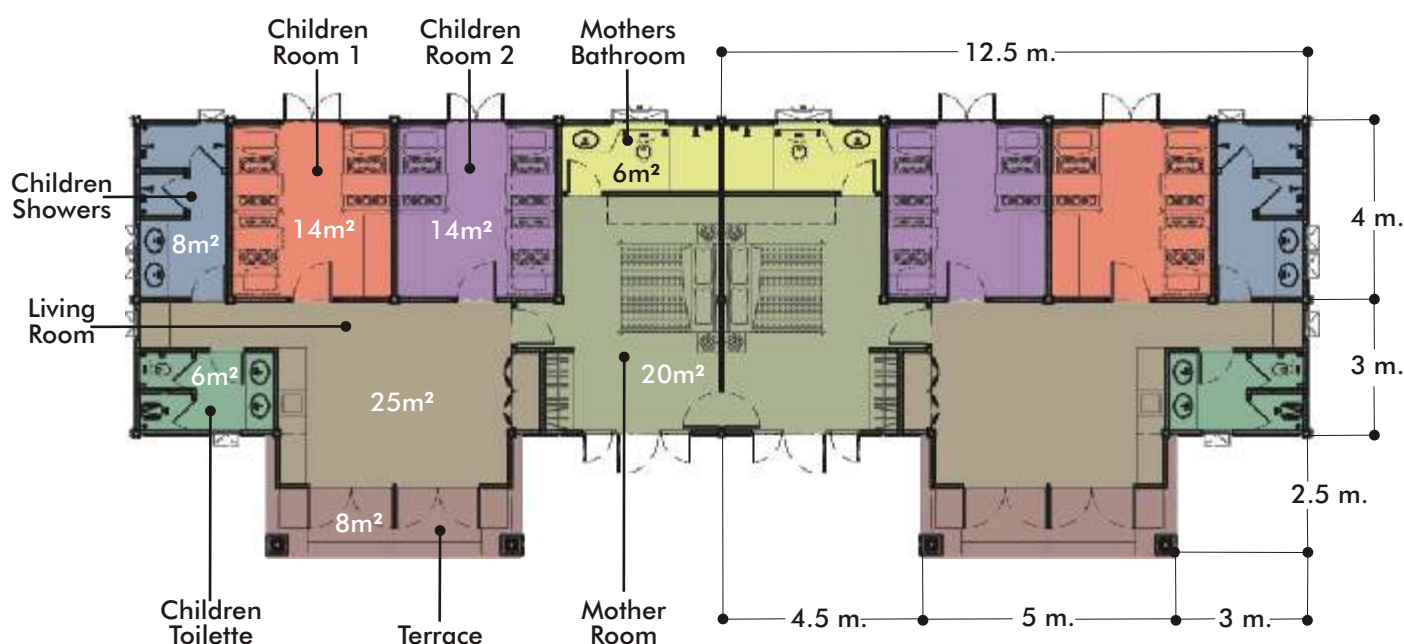

THE CHILDREN'S VILLAGE

In the centre of the village will be the main building with facilities for day care, administration, computer training, library, training programs, first aid and entertainment. Around the main building will be 12 bungalows (6 double bungalows), a canteen (sala) for up to 150 children, a manager house, a maintenance room, a parking area, a large playing ground and a swimming pool.

There will be 12 bungalows (6 double bungalows) to accommodate the children with a maximum capacity of 12 children per bungalow. Ideally we will not have more than 8 children per bungalow, but if need we can go up to the maximum of 12. Each bungalow will consist of 2 children rooms with each 3 bunk beds and a storage area, a mothers room with ensuite bath room, a living room, 3 showers, 2 toilets and a terrace.

CHILDREN'S VILLAGE - PROJECT PHUKET SUNSHINE VILLAGE

SPONSORSHIP PROJECT

In order to provide immediate relief for children who have lost members of their families, their home or any kind of income, we have just started a new project. We are financially helping those families who are in the most desperate situation. This project is meant to be a short term (one year) solution. We are closely monitoring the financial and social situation of these children for the next year and then reevaluate their status to decide whether they still need financial support or not.

Setting up a bank account

As many organisations (including us) have planned projects in the effected areas, it is very hard to tell what the future of all these affected children might be like. This project is not only for Tsunami victims but for all children that need help. But we can certainly identify Tsunami victims, if you wish it.

Two children who just found a sponsor

After visiting schools and camps in the effected areas (Phuket & Phang Nga provinces), we know of many children that need immediate help.

At the moment, we are setting up bank accounts for these children that we can deposit a monthly amount of 2000 THB (about 40 Euros) for them.

If you would like to sponsor a child, please contact our Project Chairman, Lion Olinto Baretta, at (+66) 09-871-9739 or send an email to: obphotoart@hotmail.com

SMILE & CARE ACTIVITY

The 3 clowns: Thierry, Rodrigue & Stephane

Together with two French association, our Club organised a week of "Smile and Care" activity for the children in Phuket and Kao Lak from 05.02.05 till 09.02.05. Our team was made of 3 members of the GSCF, 3 members of the ANIMA association, and Lions Club members.

At Wachirah Hospital

A few hours before departing back to France, our team visited two other child centers in Phuket. Uncle Pitak's Home' next to the Phuket prison is run by 'Child Watch' association and accommodates about 60 children of inmates, 5 days a week.

We then went on to Phuket Special School in Baan Pakhlok, where handicapped children are being taken care of. The school is the only place for all kinds of handicapped children to go to, from deaf or blind children to Autistic and Down's Syndrome children.

Happy laughing children everywhere

Arriving on Saturday the 5th of February at Phuket airport with over 1 ton of toys and medicine, the team went straight to visit Children at Patong Hospital and Vachira Hospital in Phuket Town. On Sunday, the team started an exhausting but fantastic joy-bringing tour of Kao Lak refugee camps and schools. Over the next 3 days over 2000 children in 10 different locations, laughed, smiled and received toys and medical care from our multi-task crew.

More than 1000 KG of goods

Besides the clown shows, our team also brought much needed goods to both adults and children, such as shelves, computer desks, stationery, and pencils for the schools, T.V's, emergency lamps, mosquito repellent for the camps.

ABOUT THE LIONS CLUB

Lions History

Since 1917, Lions clubs have offered people the opportunity to give something back to their communities. From involving members in projects as local as cleaning up an area park or as far-reaching as bringing sight to the world's blind, Lions Clubs have always embraced those committed to building a brighter future for their community.

Today with more than 46,000 clubs in 193 countries and geographical areas, Lions have expanded their focus to help meet the ever-increasing needs of our global community.

Our programs are continually changing to meet new needs and greater demands, but our mission has never wavered: "We Serve"

Our Club History

The Lions Club of Phuket Andaman Sea was officially established on the 5th of February 1991 by the International Association of Lions Clubs. Lion Rohn-Napa Kanjanayothee has been the Charter President of this Club, that started with 21 Charter Members in 1991. Since then our club has completed many meaningful projects to help the people in need.

The Lions Club of Phuket Andaman Sea is extremely grateful to have had the opportunity to twin with some of the finest Lion Clubs of the world, that we call our Sister Clubs. The Lions Club of George Town (Malaysia), the Lions Club of Singapore West (Singapore) and the Lions Club of Nagao (Japan). We would also like to thank the Lions Club of Urawa Nichi (Japan) for their friendship over the years.

Royal Donation

On Friday 18th February 2005 The King of Sweden, His majesty King Carl XVI Gustaf visited Phuket Island with his wife Her Royal Highness Queen Silvia.

The primary reason for his visit was to convey to the Thai People and the Provincial leaders his personal appreciation and that of the Swedish people for the help and assistance given to the Swedish survivors and the families of the victims following the Tsunami disaster on 26th December 2004.

Lion President Peter with the Royal Highness

In a very moving speech he praised the kindness of the Thai people and especially the Governors of the Three Provinces in the region of Phuket. Following this His Majesty then presented a donation of 50,000 Swedish Crowns (7,200 US) from the Lions Club of Gustav Vasa to the Lions Club of Phuket Andaman Sea for the distribution to the needy Children victims of the tsunami disaster. This gift was accepted from His Majesty by Lions Club President Peter Wesche and Immediate Past President David Van-Zandt.

CHILDREN'S VILLAGE - PROJECT PHUKET SUNSHINE VILLAGE

ABOUT THE PHUKET SUNSHINE VILLAGE FOUNDATION

Following the Tsunami disaster which struck many nations in south East Asia on 26th December 2005, the members of our Lions Club "Phuket Andaman Sea" decided that as well as giving immediate help for the victims in Phuket and Pang Na provinces in Thailand, we needed to be involved in a longer term project.

It was suggested and agreed that the club members raise funds to build a Children's village for orphans and other Children in need. The fund raising began in earnest and the response, especially from Lions Clubs people in Europe. It soon became apparent that although we would manage to raise the funds necessary, we did not possess the expertise

to run such a village. The Club then decided to contact "Childwatch" which was an organization in Phuket which our club had supported in various activities over the past years. Childwatch already had in excess of 10 years experience in Child care and protection and the chairman was also a member from Lions club of Phuket Pearl. They were pleased to join with us in this important project. It was agreed to form a foundation with 4 directors from our Lions Club and 4 directors from Childwatch, 2 of which are also fellow Lions.

Thus on 17th August 2005 The Phuket Sunshine Village Foundation was formed.
